The Filarmonica Bormiese will open the parade in via Roma, together with the sport teams of Bormio and surrounding areas, the ski instructor, the future champions of ski clubs and the vintage skiers. The flags of the athletes participating to the race will end the queue. Mulled wine and hot tea will be available along the route to warm you up and celebrate the World Cup event.

Once in the square, after the official bib draw, the Alpine Guides will wish you all a Happy New Year with a spectacular performance on the Torre delle Ore.

11.45 am - AUDI FIS Ski World Cup (DH) - *Ski Stadium*

5.00 pm - Vitalini Speed Contest - *Ski Stadium*

Controlled skiing speed test for children with max speed recording.

5.00 pm - Mulled wine championship - the challenge! - *Piazza Cavour and historic centre*

Groups and local associations will challenge each other to make the best mulled wine of Bormio. Different corners with braziers and crackling stumps will be set up in the heart of the historic centre. That's where the typical drink that warms our winters will be distributed, together with snacks and delicacies.

A highly selected jury will taste the wines and judge the groups: the recipe will be important - that's for sure - but clothing, setting, fantasy and, above all, a lot of fondness count too! The event for the most daring ones is an adrenaline-filled zip line with the Alpine Guides: a jump towards infinity from a pulley!

Music and street artists will animate the historic centre and Piazza Cavour during the entire event.
